LUXA

High-Speed Slip Ring

Optical and Electrical Rotary Joints

This electrical slip ring transfers signals between the stationary and rotating portions of equipment. Check circuit count and current ratings against the installation.

Technical specifications

Number of circuits	36 Channels
Rated current (A)	1
Rated voltage	250 VAC/VDC
Diameter / Length (mm)	Φ70/220
Operating speed (RPM)	0 to 24,000
Operating temperature (°C)	-40 to +80
Ingress protection	IP67
