Pneumatic/Hydraulic and Electrical Hybrid Slip Ring

Optical and Electrical Rotary Joints

This hybrid rotary assembly carries fluid or pneumatic services alongside electrical circuits. Select the electrical circuits and media paths together.

Technical specifications

Number of circuits	45 Channels
Rated current (A)	10 (Main circuits)/5 (Signal circuits)
Rated voltage	380 VAC/VDC
Diameter / Length (mm)	Φ134/414.7
Operating speed (RPM)	50
Operating temperature (°C)	-30 to +80
Ingress protection	IP51
